

# SH-1500 FACT SHEET

The Original SUNHEAT electronic infrared zone heater provides safe, soft, comfortable warmth to any area of your home; effectively heating up to 1000 sq ft with no harmful emissions. This powerful, portable, supplemental heat source cannot start a fire and is safe around children and pets. Turn down the furnace, put the heat where you want and *slash your heating costs!*

**Dimensions**

13 in W x 19 ½ D x 17 ¼ H

**Heat Output**

Increases ambient air temp. 120 degrees.

**Thermostat**

Honeywell- line voltage (+/- 2)

**Wood Cabinet**

Furniture Grade-Made in the USA

(Solid Oak Top, MDF Side Panels)

**Sq Ft Coverage**

800-1000

**Weight**

40 lbs.

**Watts**

1500 watts

**Wiring**

Teflon Coated

(For military, aviation & racing applications)

**Amps**

12.5

(Power routing board w/ microprocessor)

**CFM**

105-140

(Quantity of air flow in "cubic feet per minute")

**Heat Exchanger** (Copper Cylinders)

3

(Copper Infrared Heat Reflector)

1

**Heat Tube**

6

(250 watt ea. / 10,000 + Hrs. est. lifespan)

**Fan** (12volt DC, Rated for 150,000 hrs)

1

**Power Cord** (12 AWG)

7 FT

(Neoprene Covered with 90° Plug)

**Air Filter** (3 ply thick)

Lifetime / Washable

**Warranty**

3 Years limited / Parts & Labor

Golden Oak

**Twelve Great Improvements:**

1. Upgraded Fan-quieter & more efficient-rated to last 17 seasons.
2. Teflon coated aviation grade wires with wing nut connections-enhanced efficiency.
3. Industrial grade quartz infrared heat tubes-longer lasting & greater heat production.
4. Heavier gauge neoprene covered power cord with appliance grade plug- no lost energy.
5. Relocated Lifetime Air Filter- improved air flow and noise reduction.
6. Routing Board-designed to properly distribute power for maximum efficiency.
7. Made in USA Cabinetry-dent and stain resistant solid Oak top.
8. Formaldehyde Free MDF Sides-100% reclaimed wood fiber- stronger, warp resistant material.
9. Heirloom Quality construction with dovetail connections- made to last for decades.
10. Water based UV cured stains and finish- no Volatile Organic Chemicals.
11. LEED & Card II compliant design and construction- Environmentally friendly manufacturing.
12. Safety Touch-a felt like material to cover the heat output grid-protects little fingers.

Dark Mahogany

**Features these internal improvements with China built cabinet:**

1. Upgraded Fan- 15% quieter & more efficient-rated to last 17 seasons.
2. Teflon coated aviation grade wires with screw and wing nut connections-enhanced efficiency.
3. Industrial grade quartz infrared heat tubes-longer lasting & greater heat production.
4. Heavier gauge neoprene covered power cord with appliance grade plug- no lost energy.
5. Relocated Lifetime Air Filter- improved air flow and noise reduction.
6. Routing Board-designed to properly distribute power for maximum efficiency.
